

Recommend a Friend Scheme Terms & Conditions

September 2015

Recommend a Friend Terms & Conditions

1. Recommend your friends and family via our website (www.ebico.org.uk/refer-a-friend) and Ebico will send you a reward, once they switch both their gas and electricity to Ebico.
2. Ebico will only accept recommendations from people that are known to you as a result of family or social connections. We do not accept recommendations if they are part of any business activity. If you wish to enter into a formal business referral agreement, please contact us separately at partnerships@ebico.org.uk.
3. You cannot recommend yourself.
4. There is no limit to how many friends or family you can recommend.
5. In order to qualify you must use the green online referral form on ebico.org.uk/tell-a-friend to make an application.
6. Once you have completed that online referral form, an email with a unique tracking link, will be generated and sent to your friend's or family member's email.
7. Your email address must be different to that of a person you are recommending Ebico to.
8. The person that Ebico has been recommended to must use that unique link in the referral email, when completing an online application to join.
9. The referred person must switch to both gas and electricity with Ebico in order for the referrer to qualify for the reward.
10. In the unlikely event that the chosen reward becomes unavailable, a suitable substitute reward will be disused with you.
11. Once the reward has been sent out we cannot accept any returns.
12. Cash, energy account credit or any other alternatives cannot be offered.
13. Ebico reserves the right to stop the scheme at any time without notice.
